Funds may be expended only for the programs, purposes, objects, and line items or as otherwise authorized by the General Assembly. Expansion budget funds listed in those documents are appropriated only as otherwise provided in this act.

(2) Notwithstanding the provisions of subdivision (1) of this subsection:
   a. Any receipts that are required to be used to pay debt service requirements for various outstanding bond issues and certificates of participation are appropriated up to the actual amounts received for the 2017-2018 fiscal year and the 2018-2019 fiscal year and shall be used only to pay debt service requirements.

COOPERATIVE INNOVATIVE HIGH SCHOOL FUNDING CHANGES

SECTION 7.22.(a) Legislative Findings. – The General Assembly finds the following in regard to the State's long-term, ongoing investment in providing high school students with opportunities to obtain postsecondary credit and career credentials at no cost to the student in order to maximize cost savings to students in obtaining a postsecondary education:

1. Dual enrollment opportunities for high school students have been available in the State for many years but began to significantly grow in the early- to mid-2000s as a result of the General Assembly's enactment of the Innovative Education Initiatives Act and the establishment of the cooperative innovative high school program pursuant to Part 9 of Article 16 of Chapter 115C of the General Statutes. This act demonstrated the State's commitment in prioritizing cooperative efforts between secondary schools and institutions of higher education so as to reduce the high school dropout rate, increase high school and college graduation rates, decrease the need for remediation in institutions of higher education, and raise certificate, associate, and bachelor degree completion rates.

2. To ensure continued efficiency in the investment of State funds to provide postsecondary dual enrollment programs for high school students, the General Assembly directed the State Board of Education and the State Board of Community Colleges to jointly establish the Career and College Promise Program pursuant to Section 7.1A of S.L. 2011-145, effective January 1, 2012, to consolidate existing cooperative efforts between secondary schools and institutions of higher education by providing (i) for specific pathways for obtaining college credit that is transferable to community colleges and institutions of higher education, (ii) for college credit leading to a subject-area certificate, diploma, or degree, and (iii) through enrollment at a cooperative innovative high school, enabling students to concurrently obtain a high school diploma and to begin or complete an associate degree program, master a certificate or vocational program, or earn up to two years of college credit within five years.
(3) The recent growth in the establishment of cooperative innovative high school programs has resulted in a steady increase in full-time equivalent (FTE) student enrollment at community colleges due to the maturation of those programs, including an increase of one hundred forty percent (140%) in FTE enrollment for these students between 2008-2009 and 2013-2014.

(4) The implementation of other Career and College Promise pathways enabling certain traditional high school students to concurrently enroll in postsecondary courses leading to a defined academic goal has also resulted in a recent rise in student enrollment at community colleges with a thirty percent (30%) increase in the College Transfer pathway and a twenty-one percent (21%) increase in the Career and Technical Education pathway between 2012-2013 and 2013-2014.

(5) For the 2013-2014 academic year, the General Assembly appropriated fifty-seven million dollars ($57,000,000) in State funds to cover community college FTE for 11,389 students during the first year of full implementation of the Career and College Promise Program.

(6) For the 2015-2016 fiscal year, the General Assembly appropriated the following amounts to cover the cost of cooperative innovative high schools and other Career and College Promise programs:
   a. For the cooperative innovative high school allotment, the sum of twenty-five million four hundred eighty-eight thousand seven hundred twenty-five dollars ($25,488,725).
   b. For community college FTE for the following:
      1. For students enrolled in cooperative innovative high schools, the sum of forty-two million two hundred ninety-one thousand three hundred eighty-six dollars ($42,291,386).
      2. For students enrolled in courses that count toward the College Transfer pathway, the sum of twenty-one million three hundred forty-three thousand five hundred seven dollars ($21,343,507).
      3. For students enrolled in courses that count toward the Career and Technical Education pathway, the sum of twenty-one million seven hundred eight thousand nine hundred thirty-two dollars ($21,708,932).
   c. For the reimbursement of tuition for constituent institutions of The University of North Carolina as a partner institution of higher education to a cooperative innovative high school, the sum of one million nine hundred forty-five thousand two hundred one dollars ($1,945,201).
   d. For the reimbursement of tuition for private colleges located in North Carolina that are a partner institution of higher education to a cooperative innovative high school, the sum of four hundred fifty-seven thousand six hundred thirty-nine dollars ($457,639).

(7) Since considerable State funds have been appropriated on an ongoing basis to cover the cost of high school student enrollment at community colleges, constituent institutions, and approved private colleges pursuant to G.S. 115C-238.54 and G.S. 115D-5(b)(12) as part of the Career and College Promise programs, it is necessary to examine the total cost of these programs and prioritize the appropriation of State funds to achieve the General Assembly's goal of maximizing cost savings to students in obtaining a postsecondary education. This shall include modifying the amount of funds
allocated to local school administrative units for the cooperative innovative high school allotment.

On a day that pupils are not required to attend school due to inclement weather, but employees are required to report for a workday, a teacher may elect not to report due to
hazardous travel conditions and to take an annual vacation day or to make up the day at a time agreed upon by the teacher and the teacher's immediate supervisor or principal. To issue an annual "report card" for the State and for each local school administrative unit, assessing each unit's efforts to improve student performance based on the growth in performance of the students in each school and taking into account progress over the previous years' level of performance and the State's performance in comparison with other states. This assessment shall take into account factors that have been shown to affect student performance and that the State Board considers relevant to assess the State's efforts to improve student performance. As a part of the annual "report card" for each local school administrative unit, the following:
1. The State Board shall award, in accordance with G.S. 115C-83.15, an overall numerical school achievement, growth, and performance score on a scale of zero to 100 and a corresponding performance letter grade of A, B, C, D, or F earned by each school within the local school administrative unit. The school performance score and grade shall reflect student performance on annual subject-specific assessments, college and workplace readiness measures, and graduation rates. In addition, the State Board shall award separate performance scores and grades for the following:
   I. School performance of certain subgroups of students as provided in G.S. 115C-83.15.
   II. For schools serving students in any grade from kindergarten to eighth grade, separate performance scores and grades shall also be awarded based on school performance in reading and mathematics.

2. The annual "report card" for schools serving students in third grade shall also include the number and percentage of third grade students who (i) take and pass the alternative assessment of reading comprehension; (ii) were retained in third grade for not demonstrating reading proficiency as indicated in G.S. 115C-83.7(a); and (iii) were exempt from mandatory third grade retention by category of exemption as listed in G.S. 115C-83.7(b).

3. The annual "report card" for high schools shall also include measures of Advanced Placement course participation and International Baccalaureate Diploma
Programme participation and Advanced Placement and International Baccalaureate examination participation and performance."

**SECTION 7.26.(b)** G.S. 115C-47(58) reads as rewritten:

"(58) To Inform the Public About the North Carolina School Report Cards Issued by the State Board of Education. – Each local board of education shall ensure that the report card issued for it by the State Board of Education receives wide distribution to the local press or is otherwise provided to the public. Each local board of education shall ensure that the overall school performance score and grade earned by each school in the local school administrative unit for the current and previous four school years is prominently displayed on the Web site of the local school administrative unit. If any school in the local school administrative unit is awarded an overall school performance grade of D or F, the local board of education shall provide notice of the grade in writing to the parent or guardian of all students enrolled in that school."

**SECTION 7.26.(c)** G.S. 115C-83.15 reads as rewritten:

"§ 115C-83.15. School achievement, growth, performance scores, and grades.

(a) School Scores and Grades. – The State Board of Education shall award school achievement, growth, and performance scores and an associated performance grade as required by G.S. 115C-12(9)c1., and calculated as provided in this section. The State Board of Education shall enter all necessary data into the Education Value-Added Assessment System (EVAAS) in order to calculate school performance scores and grades.

(b) Calculation of the School Achievement Score. – In calculating the overall school achievement score earned by schools, the State Board of Education shall total the sum of points earned by a school as follows:

1. For schools serving any students in kindergarten through eighth grade, the State Board shall assign points on all of the following indicators that are measured measures available for that school:
   - One point for each percent of students who score at or above proficient on annual assessments for mathematics in grades three through eight. For the purposes of this Part, an annual assessment for mathematics shall include any mathematics course with an end-of-course test.
   - One point for each percent of students who score at or above proficient on annual assessments for reading in grades three through eight.
   - One point for each percent of students who score at or above proficient on annual assessments for science in grades five and eight.
   - One point for each percent of students who progress in achieving English language proficiency on annual assessments in grades three through eight.

2. For schools serving any students in ninth through twelfth grade, the State Board shall assign points on the following measures available for that school:
   - One point for each percent of students who score at or above proficient on either the Algebra I or Integrated Math I end-of-course test, or, for students who completed Algebra I or Integrated Math I before ninth grade, another mathematics course with an end-of-course test.
(5)b. One point for each percent of students who score at or above proficient on the English II end-of-course test.
(6)c. One point for each percent of students who score at or above proficient on the Biology end-of-course test.
(7)d. One point for each percent of students who complete Algebra II or Integrated Math III with a passing grade.
(8)e. One point for each percent of students who achieve the minimum score required for admission into a constituent institution of The University of North Carolina on a nationally normed test of college readiness.
(9)f. One point for each percent of students enrolled in Career and Technical Education courses who meet the standard when scoring at Silver, Gold, or Platinum levels on a nationally normed test of workplace readiness.
(10)g. One point for each percent of students who graduate within four years of entering high school.

h. One point for each percent of students who progress in achieving English language proficiency.

In calculating the overall school achievement score earned by schools, the State Board of Education shall (i) use a composite approach to weigh the achievement elements based on the number of students measured by any given achievement element and (ii) proportionally adjust the scale to account for the absence of a school achievement element for award of scores to a school that does not have a measure of one of the school achievement elements annually assessed for the grades taught at that school. The overall school achievement score shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(c) Calculation of the School Growth Score as a Measure of School Quality and Student Success. – Using EVAAS, the State Board shall calculate the overall growth score earned by schools as a measure of school quality and student success. In calculating the total growth score earned by schools, the State Board of Education shall weight student growth on the achievement indicators as provided in subsection (b) of this section that have available growth values. The numerical values used to determine whether a school has met, exceeded, or has not met expected growth shall be translated to a 100-point scale and used for school reporting purposes as provided in G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(d) Calculation of the Overall School Performance Scores and Grades. – The State Board of Education shall use EVAAS to calculate the overall school performance score by adding the school achievement score, as provided in subsection (b) of this section, and the school growth score, as provided in subsection (c) of this section, earned by a school. The school achievement score shall account for eighty percent (80%), and the school growth score shall account for twenty percent (20%) of the total sum. If a school has met expected growth and inclusion of the school's growth score reduces the school's performance score and grade, a school may choose to use the school achievement score solely to calculate the performance score and grade. For all schools, the total school performance score shall be converted to a 100-point scale and used to determine an overall school performance grade. The overall school performance grade shall be based on the following scale: scale and shall not be modified to add any other designation related to other performance measures, such as a "plus" or "minus":

(1) A school performance score of at least 90 is equivalent to an overall school performance grade of A.
(2) A school performance score of at least 80 is equivalent to an overall school performance grade of B.
(3) A school performance score of at least 70 is equivalent to an overall school performance grade of C.
(4) A school performance score of at least 60 is equivalent to an overall school performance grade of D.
(5) A school performance score of less than 60 points is equivalent to an overall school performance grade of F.

(d1) Establishment of Subgroups of Students. – The State Board shall establish the minimum number of students in a subgroup served by a school that is necessary to disaggregate information on student performance and to determine a subgroup performance score and grade for the following subgroups of students:
   (1) Economically disadvantaged students.
   (2) Students from major racial and ethnic groups.
   (3) Children with disabilities.
   (4) English learners.

(d2) Calculation of the School Performance Scores and Grades for Certain Subgroups of Students Served by a School. – In addition to the overall school performance scores and grades awarded under this section, for each school that serves a minimum number of students in a subgroup of students listed in subsection (d1) of this section, the State Board of Education shall use EVAAS to calculate school performance scores and shall determine a corresponding school performance grade for each subgroup using the same method as set forth in subsection (d) of this section. School performance scores for subgroups of students shall not be included in the calculation of the overall school performance scores and grades under subsection (d) of this section.

(d3) Report of Subgroup Performance Scores and Grades. – The subgroup performance scores and grades shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8 in a way that provides the following information:
   (1) For the current year and the previous two years, the achievement score for each subgroup of students defined in subsection (d1) of this section for the school.
   (2) The statewide average achievement score for each subgroup defined in subsection (d1) of this section.
   (3) The difference between the achievement score for all students in the school and the achievement score for each subgroup that meets the minimum number of students defined in subsection (d1) of this section.
   (4) Based on the information reported in subdivision (3) of this subsection, the State Board shall determine and identify schools that are closing achievement gaps, experiencing a widening of gaps, or seeing no significant gap changes.

(e) Elementary and Middle School Reading and Math Achievement Scores. – For schools serving students in kindergarten through eighth grade, the school achievement scores in reading and mathematics, respectively, shall be reported separately on the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

(f) Indication of Growth. – In addition to awarding the overall school scores for achievement, growth, and performance and the performance grade, using EVAAS, the State Board shall designate that a school has met, exceeded, or has not met expected growth. The designation of student growth shall be clearly displayed in the annual school report card provided under G.S. 115C-12(9)c1., 115C-218.65, 115C-238.66, and 116-239.8.

ESTABLISH BOARD OF POSTSECONDARY EDUCATION CREDENTIALS

SECTION 9.11.(a) Chapter 115D of the General Statutes is amended by adding a new Article to read:

"Article 9.
"Postsecondary Education Credentials.

§ 115D-100. Board of Postsecondary Education Credentials.
(a) Findings. – The General Assembly finds that, in today's economy, opportunities for North Carolina's citizens to reach the middle class with a high school level education or even less have significantly decreased. To be competitive and obtain better paying jobs that lead to a better quality of life in the State's current and future economy, most citizens will need some type of postsecondary education that qualifies them for employment. The General Assembly recognizes the importance of bringing together potential employers and providers of postsecondary education for the purpose of identifying workforce skills and training needs and developing courses of study and vocational training that meet the standards expected and required by industries, corporations, and other employers. The General Assembly further finds that the establishment of a permanent board with members who are knowledgeable about postsecondary education and workforce training needs will enable providers of postsecondary education to prepare and design training programs that are responsive to workforce needs and that will assist the State's citizens in securing the credentials required to obtain better paying jobs.

The General Assembly recognizes that postsecondary education opportunities should be easily available and accessible to all citizens. Therefore, the General Assembly encourages State educators, when designing the method and manner for delivering postsecondary educational programs, to take into account the varying income levels and economic circumstances of the State's citizens, transportation needs, and other unique challenges in both urban and rural areas of the State that affect accessibility to postsecondary education opportunities and to make genuine efforts to accommodate and address those factors.

The General Assembly also finds that most employers consider postsecondary credentials such as academic degrees and high-quality, nondegree certifications awarded by institutions of higher education when determining whether a person has the expertise and skills required for a job. However, high-quality credentials may also be obtained through other alternative models such as open-source online programs, on-the-job training, and military experience. Therefore, it is essential that a system also be devised in which the meaning and validity of postsecondary credentials is clear and understandable to educators, employers, and students and that accurately conveys the knowledge, skills, and training obtained by an individual however and wherever it is obtained.

(b) Board Established. – There is established the Board of Postsecondary Education Credentials to be located administratively under the Community Colleges System Office; however, the Board shall exercise all its prescribed powers independently of the Community Colleges System Office. The Board shall consist of the following members:

1. The Lieutenant Governor.
2. The President of The University of North Carolina or the President's designee.
3. The President of the North Carolina Community College System or the President's designee.
4. The Superintendent of Public Instruction or the Superintendent's designee.
5. The Commissioner of Labor or the Commissioner's designee.
6. The Secretary of Commerce or the Secretary's designee.
7. The President of North Carolina Independent Colleges and Universities or the President's designee.
8. The Executive Director of the Office of Proprietary Schools or the Executive Director's designee.
9. The President of the North Carolina Hospital Association or the President's designee.
10. The Executive Director of the North Carolina State Education Assistance Authority or the Executive Director's designee.
(c) Purpose. – The purpose of the Board is to review and make recommendations for the development of a statewide system of postsecondary education that links industry, corporations, and businesses in this State with educators, government, and community organizations to identify workforce skills and training needs and to ensure that appropriate courses of study and vocational training are available to North Carolinians, including those preparing to pursue postsecondary education, entering the workforce, or seeking to update skills and training for purposes of retaining employment and advancing in the workforce.

In addition, the Board shall identify alternative ways in which people gain valuable workforce skills and experience, such as on-the-job training, that are not represented by four-year or two-year degrees and the types of credentials used to signify competence of a certain level upon successful completion of the alternative training experience. The Board shall review and make recommendations on those criteria to be used to determine the value of a nondegree credential, the competencies that it represents, and how it should be compared and valued with regard to other types of postsecondary credentials.

(d) Duties. – The duties of the Board include the following:

(1) Recommend State goals and a framework for achieving those goals among educators to ensure that, by 2025, the appropriate percentage, as recommended by the Board, of the State's adult citizens will hold degrees, certificates, or other high-quality postsecondary credentials. The Board shall recommend a division of responsibility among The University of North Carolina System, the State's Community College System, and any other providers of postsecondary education credentials for achieving the goals recommended by the Board. The Board shall periodically review the progress made toward the recommended goals, evaluate the strategies developed and used toward attaining those goals, and may make additional recommendations.

(2) Identify the credentials that are acceptable for meeting those recommended goals and recommend how the responsibility for providing the courses of study and training for those credentials should be assigned among the State's educators and others. In making these recommendations, consideration shall be given to the fact that the individuals who need these courses of study and training are of various economic levels and are also located in rural areas and metropolitan areas across the State. These factors shall be taken into account with regard to the location and delivery of the courses of study and training programs.

(3) Address the issue of postsecondary credentials, the various levels of skill and knowledge those credentials signify, and how to accurately convey that information to employers, students and trainees, and providers of postsecondary education. The Board shall consider procedures and methods for recognizing skills and training needed in the workforce that an individual may have obtained through military experience, through on-the-job and employee-proved training, or through other life experiences.

(e) Chair. – The Lieutenant Governor shall serve as Chair of the Board.

(f) Hire Staff and Consultants. – To the extent of funds available, the Chair of the Board may, with the approval of the Board, hire staff or consultants to assist the Board in carrying out its purpose and duties.

(g) Travel and Subsistence. – Members, staff, and consultants of the Board shall receive travel and subsistence expenses in accordance with the provisions of G.S. 138-5 or G.S. 138-6, as appropriate.

CHILD CARE SUBSIDY RATES

SECTION 11B.3.(a) The maximum gross annual income for initial eligibility, adjusted biennially, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.

SECTION 11B.3.(b) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. When care is received at the blended rate, the co-payment shall be eighty-three percent (83%) of the full-time co-payment. Co-payments for part-time care shall be seventy-five percent (75%) of the full-time co-payment.

SECTION 11B.3.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

(1) Religious sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.

(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.

(3) Nonlicensed homes shall receive fifty percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.
No payments shall be made for transportation services or registration fees charged by child care facilities.

Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment.

The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 11B.3.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 11B.3.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 11B.3.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star rated facilities. For those counties with an inadequate number of four- and five-star rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star rated facilities for non-star rated programs, such as religious programs.

SECTION 11B.3.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 11B.3.(h) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 11B.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other
conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

(3) The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 11B.3.(j) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

SECTION 11B.3.(k) Department of Defense-certified child care facilities licensed pursuant to G.S. 110-106.2 may participate in the State-subsidized child care program that provides for the purchase of care in child care facilities for minor children in needy families, provided that funds allocated from the State-subsidized child care program to Department of Defense-certified child care facilities shall supplement and not supplant funds allocated in accordance with G.S. 143B-168.15(g). Payment rates and fees for military families who choose Department of Defense-certified child care facilities and who are eligible to receive subsidized child care shall be as set forth in this section.

CHILD CARE SUBSIDY MARKET RATE INCREASES/CERTAIN AGE GROUPS AND COUNTIES

SECTION 11B.4.(a) Beginning October 1, 2017, the Department of Health and Human Services, Division of Child Development and Early Education (Division), shall increase the child care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study for school-aged children in three-, four-, and five-star-rated child care centers and homes in tier one and tier two counties.

SECTION 11B.4.(b) Beginning October 1, 2017, the Division shall increase the child care subsidy market rates to the rates recommended by the 2015 Child Care Market Rate Study for children birth through two years of age in three-, four-, and five-star-rated child care centers and homes in tier three counties.

SECTION 11B.4.(c) For purposes of this section, tier one, tier two, and tier three counties shall have the same designations as those established by the N.C. Department of Commerce's 2015 County Tier Designations.

CHILD CARE ALLOCATION FORMULA

SECTION 11B.5.(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 11B.3(a) of this act.
(2) The Division may withhold up to two percent (2%) of available funds from the allocation formula for (i) preventing termination of services throughout the fiscal year and (ii) repayment of any federal funds identified by counties as overpayments, including overpayments due to fraud. The Division shall allocate to counties any funds withheld before the end of the fiscal year when the Division determines the funds are not needed for the purposes described in this subdivision. The Division shall submit a report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division, which report shall include each of the following:

a. The amount of funds used for preventing termination of services and the repayment of any federal funds.

b. The date the remaining funds were distributed to counties.

c. As a result of funds withheld under this subdivision and after funds have been distributed, any counties that did not receive at least the amount the counties received the previous year and the amount by which funds were decreased.

The Division shall submit a report in each year of the 2017-2019 fiscal biennium 30 days after the funds withheld pursuant to this subdivision are distributed but no later than April 1 of each respective year.

(3) The Division shall set aside four percent (4%) of child care subsidy allocations for vulnerable populations, which include a child identified as having special needs and a child whose application for assistance indicates that the child and the child's family is experiencing homelessness or is in a temporary living situation. A child identified by this subdivision shall be given priority for receiving services until such time as set-aside allocations for vulnerable populations are exhausted.

SECTION 11B.5.(b) The Division may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county. Counties shall manage service levels within the funds allocated to the counties. A county with a spending coefficient over one hundred percent (100%) shall submit a plan to the Division for managing the county's allocation before receiving any reallocated funds.

SECTION 11B.5.(c) When implementing the formula under subsection (a) of this section, the Division shall include the market rate increase in the formula process rather than calculating the increases outside of the formula process. Additionally, the Department shall do the following:

1. Implement the final one-third change in a county's allocation beginning fiscal year 2018-2019. A county's initial allocation shall be the county's expenditure in the previous fiscal year or a prorated share of the county's previous fiscal year expenditures if sufficient funds are not available. With the exception of market rate increases consistent with any increases approved by the General Assembly, a county whose spending coefficient is less than ninety-two percent (92%) in the previous fiscal year shall receive its prior year's expenditure as its allocation and shall not receive an increase in its allocation in the following year. A county whose spending coefficient is at least ninety-two percent (92%) in the previous fiscal year shall receive, at a minimum, the amount it expended in the previous fiscal year and may receive additional funding, if available. The Division may waive this requirement and allow an increase if the spending coefficient is below ninety-two percent (92%) due to extraordinary circumstances, such as a
State or federal disaster declaration in the affected county. By October 1 of each year, the Division shall report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division the counties that received a waiver pursuant to this subdivision and the reasons for the waiver.

(2) Effective immediately following the next new decennial census data release, implement (i) one-third of the change in a county's allocation in the year following the data release, (ii) an additional one-third of the change in a county's allocation beginning two years after the initial change under this subdivision, and (iii) the final one-third change in a county's allocation beginning the following two years thereafter.

CODIFY CERTAIN CHILD CARE SUBSIDY PROVISIONS

SECTION 11B.6. Article 3 of Chapter 143B of the General Statutes is amended by adding a new Part to read:

"Part 10C. Child Care Subsidy.

§ 143B-168.25. Child care funds matching requirements.

No local matching funds may be required by the Department of Health and Human Services as a condition of any locality's receiving its initial allocation of child care funds unless federal law requires a match. If the Department reallocates additional funds above twenty-five thousand dollars ($25,000) to local purchasing agencies beyond their initial allocation, local purchasing agencies must provide a twenty percent (20%) local match to receive the reallocated funds. Matching requirements shall not apply when funds are allocated because of an emergency as defined in G.S. 166A-19.3(6).

Notwithstanding any law to the contrary, funds budgeted for the Child Care Revolving Loan Fund may be transferred to and invested by the financial institution contracted to operate the Fund. The principal and any income to the Fund may be used to make loans, reduce loan interest to borrowers, serve as collateral for borrowers, pay the contractor's cost of operating the Fund, or pay the Department's cost of administering the program.

§ 143B-168.27. Administrative allowance for county departments of social services; use of subsidy funds for fraud detection.

(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall fund the allowance that county departments of social services may use for administrative costs at four percent (4%) of the county's total child care subsidy funds allocated in the Child Care and Development Fund Block Grant plan or eighty thousand dollars ($80,000), whichever is greater.

(b) Each county department of social services may use up to two percent (2%) of child care subsidy funds allocated to the county for fraud detection and investigation initiatives.

(c) The Division may adjust the allocations in the Child Care and Development Fund Block Grant according to (i) the final allocations for local departments of social services under subsection (a) of this section and (ii) the funds allocated for fraud detection and investigation initiatives under subsection (b) of this section. The Division shall submit a report on the final adjustments to the allocations of the four percent (4%) administrative costs to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than September 30 of each year."

CHILD CARE SUBSIDY RECIPIENTS TO COOPERATE WITH CHILD SUPPORT SERVICES/DEMONSTRATION PROJECT

SECTION 11B.7.(a) Beginning January 1, 2018, or 30 days from the date the U.S. Department of Health and Human Services, Office of Child Care, approves the revised Child
Care and Development Fund (CCDF) plan, or whichever occurs later, the Department of Health and Human Services, the Division of Child Development and Early Education (DCDEE) and the Division of Social Services (DSS), shall implement a one-year statewide demonstration project in accordance with S.L. 2015-51 requiring a custodial parent or other relative or person with primary custody of the child who is receiving child care subsidy payments to cooperate with the county child support services program as a condition of receiving child care subsidy payments. DCDEE and DSS shall conduct the demonstration project in at least three counties, but no more than six, that represent the three regions of the State in both rural and urban settings. DCDEE and DSS may solicit counties to volunteer for the demonstration project. In selecting counties to participate in the demonstration project, DCDEE and DSS shall (i) consider the various methods counties employ in receiving and processing child care subsidy applications and (ii) compare the data from the counties participating in the demonstration project to counties that are similarly sized and situated that do not participate in the demonstration project.

**SECTION 11B.7.(b)** The statewide demonstration project shall include, at a minimum, the components described in Section 1(a) of S.L. 2015-51, as well as any criteria DCDEE and DSS identified in its report as submitted to the Joint Legislative Oversight Committee on Health and Human Services dated February 1, 2016. Specifically, as identified in that report, DCDEE and DSS shall consider, at a minimum, each of the following factors in evaluating the demonstration project:

1. The number and percentage of applicants for whom the requirement to participate in child support services was presented who actually submitted a child support application and applied for and received subsidized child care assistance.

2. The number and percentage of families exempted from the requirement under subdivision (1) of this subsection through good-cause exceptions.

3. The number and percentage of families that initially receive child support payments but become ineligible for subsidized child care assistance as a result of their increased income or family status.

4. The number and percentage of families enrolled in the subsidized child care assistance program at the beginning of the demonstration project that exit the program due to imposed requirements for child support cooperation.

5. The number and percentage of applicants who declined to apply or withdrew their application as a result of the requirement to cooperate with child support services.

6. The number and percentage of child care subsidy recipients who begin receiving child support or, if receiving child support, the average increase in the recipients' child support received due to imposed requirements for child support cooperation.

**SECTION 11B.7.(c)** The Division of Child Development and Early Education and the Division of Social Services shall report on the results of the demonstration project to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division no later than March 1, 2019, or if the CCDF plan is approved after January 1, 2018, no later than three months from the date the one-year demonstration project is completed, whichever occurs later. The report shall include, at a minimum, each of the following:

1. The factors evaluated under subsection (a) of this section.

2. A detailed project plan and any costs associated with implementing the plan, specifically, any technology needs.

3. Any recommendations for or challenges with sustaining the plan long term.

**SMART START INITIATIVES**
SECTION 11B.8.(a) Policies. – The North Carolina Partnership for Children, Inc., and its Board shall ensure policies focus on the North Carolina Partnership for Children, Inc.'s mission of improving child care quality in North Carolina for children from birth to five years of age. North Carolina Partnership for Children, Inc.-funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star-rated facilities increase their star ratings, and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to five years of age that do the following:

(1) Increase children's literacy.
(2) Increase the parents' ability to raise healthy, successful children.
(3) Improve children's health.
(4) Assist four- and five-star-rated facilities in improving and maintaining quality.

SECTION 11B.8.(b) Administration. – Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

SECTION 11B.8.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

(1) The population of the area serviced by a local partnership.
(2) The amount of State funds administered.
(3) The amount of total funds administered.
(4) The professional experience of the individual to be compensated.
(5) Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual's salary in excess of the amount set by the salary schedule established under this subsection.

SECTION 11B.8.(d) Match Requirements. – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2017-2019 biennium. Of the funds the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least thirteen percent (13%) and in-kind donated resources shall be equal to no more than six percent (6%) for a total match requirement of nineteen percent (19%) for each year of the 2017-2019 fiscal biennium. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the
purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Division of Employment Security of the Department of Commerce in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

1. Be verifiable from the contractor's records.
2. If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
3. Not include expenses funded by State funds.
4. Be supplemental to and not supplant preexisting resources for related program activities.
5. Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program's objectives.
6. Be otherwise allowable under federal or State law.
7. Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.
8. Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a nineteen-percent (19%) match by June 30 of each year of the 2017-2019 fiscal biennium shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Oversight Committee on Health and Human Services in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 11B.8.(e) Bidding. – The North Carolina Partnership for Children, Inc., and all local partnerships shall use competitive bidding practices in contracting for goods and services on contract amounts as follows:

1. For amounts of five thousand dollars ($5,000) or less, the procedures specified by a written policy as developed by the Board of Directors of the North Carolina Partnership for Children, Inc.
2. For amounts greater than five thousand dollars ($5,000), but less than fifteen thousand dollars ($15,000), three written quotes.
3. For amounts of fifteen thousand dollars ($15,000) or more, but less than forty thousand dollars ($40,000), a request for proposal process.
4. For amounts of forty thousand dollars ($40,000) or more, a request for proposal process and advertising in a major newspaper.

SECTION 11B.8.(f) Allocations. – The North Carolina Partnership for Children, Inc., shall not reduce the allocation for counties with less than 35,000 in population below the 2012-2013 funding level.

SECTION 11B.8.(g) Performance-Based Evaluation. – The Department of Health and Human Services shall continue to implement the performance-based evaluation system.

SECTION 11B.8.(h) Expenditure Restrictions. – The Department of Health and Human Services and the North Carolina Partnership for Children, Inc., shall ensure that the
allocation of funds for Early Childhood Education and Development Initiatives for the 2017-2019 fiscal biennium shall be administered and distributed in the following manner:

(1) Capital expenditures are prohibited for the 2017-2019 fiscal biennium. For the purposes of this section, "capital expenditures" means expenditures for capital improvements as defined in G.S. 143C-1-1(d)(5).

(2) Expenditures of State funds for advertising and promotional activities are prohibited for the 2017-2019 fiscal biennium.

For the 2017-2019 fiscal biennium, local partnerships shall not spend any State funds on marketing campaigns, advertising, or any associated materials. Local partnerships may spend any private funds the local partnerships receive on those activities.

SMART START EARLY LITERACY INITIATIVE/DOLLY PARTON’S IMAGINATION LIBRARY
SECTION 11B.9.(a) Funds allocated to the North Carolina Partnership for Children, Inc., from the Department of Health and Human Services, shall be used to increase access to Dolly Parton's Imagination Library, an early literacy program that mails age-appropriate books on a monthly basis to children registered for the program, with the intent that, upon full implementation, access to the program shall be statewide.

SECTION 11B.9.(b) The North Carolina Partnership for Children, Inc., may use up to two percent (2%) of the funds for program evaluation. Funds appropriated under this section shall not be subject to administrative costs requirements under Section 11B.8(b) of this act, nor shall these funds be subject to the child care services funding requirements under G.S. 143B-168.15(b), child care subsidy expansion requirements under G.S. 143B-168.15(g), or the match requirements under Section 11B.8(d) of this act.

The report shall include participation rates for Dolly Parton's Imagination Library.

For programmatic purposes, all counties referred to in this subsection shall remain under their current county designation through September 30, 2019.

SECTION 11C.1.(d) For each year of the 2017-2019 fiscal biennium, Electing Counties shall be held harmless to their Work First Family Assistance allocations for the 2016-2017 fiscal year, provided that remaining funds allocated for Work First Family
Assistance and Work First Diversion Assistance are sufficient for payments made by the Department on behalf of Standard Counties pursuant to G.S. 108A-27.11(b).

SECTION 11C.1.(e) In the event that departmental projections of Work First Family Assistance and Work First Diversion Assistance for the 2017-2018 fiscal year or the 2018-2019 fiscal year indicate that remaining funds are insufficient for Work First Family Assistance and Work First Diversion Assistance payments to be made on behalf of Standard Counties, the Department is authorized to reallocate funds, of those allocated to Electing Counties for Work First Family Assistance in excess of the sums set forth in G.S. 108A-27.11, up to the requisite amount for payments in Standard Counties. Prior to reallocation, the Department shall obtain approval by the Office of State Budget and Management. If the Department adjusts the allocation set forth in subsection (d) of this section, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

FEDERAL CHILD SUPPORT INCENTIVE PAYMENTS

SECTION 11C.6.(a) Centralized Services. – The North Carolina Child Support Services Section (NCCSS) of the Department of Health and Human Services, Division of Social Services, shall retain up to fifteen percent (15%) of the annual federal incentive payments it receives from the federal government to enhance centralized child support services. To accomplish this requirement, NCCSS shall do the following:

(1) In consultation with representatives from county child support services programs, identify how federal incentive funding could improve centralized services.
(2) Use federal incentive funds to improve the effectiveness of the State's centralized child support services by supplementing and not supplanting State expenditures for those services.

To that end, NCCSS shall do the following:

(1) In consultation with representatives from county child support services programs, examine the current methodology for distributing federal incentive funding to the county programs and determine whether an alternative formula would be appropriate. NCCSS shall use its current formula for distributing federal incentive funding until an alternative formula is adopted.

(2) Upon adopting an alternative formula, develop a process to phase in the alternative formula for distributing federal incentive funding over a four-year period.

SECTION 11C.6.(c) Reporting by County Child Support Services Programs. – NCCSS shall continue implementing guidelines that identify appropriate uses for federal incentive funding. To ensure those guidelines are properly followed, NCCSS shall require county child support services programs to comply with each of the following:

The report shall further include any changes to the State process the NCCSS used in calculating and distributing federal incentive funding to county child support services programs and any recommendations for further changes.

CHILD WELFARE SYSTEM CHANGES

SECTION 11C.7.(a) Federal Improvement Plan Implementation. – The Department of Health and Human Services, Division of Social Services, shall continue implementing the requirements of the federal Program Improvement Plan to bring our State into compliance with national standards for child welfare policy and practices. The Division shall collaborate with county departments of social services to develop a model of oversight that supports program outcomes and a county’s ability to meet performance standards as outlined in the Program Improvement Plan. Oversight may include support for continuous quality improvement, staff training, and data analysis.
Of the funds appropriated to the Division in each year of the 2017-2019 fiscal biennium for the child welfare program improvement plan, the sum of sixty thousand dollars ($60,000) recurring in each year of the 2017-2019 fiscal biennium shall be used by the Division, in collaboration with the North Carolina State Commission on Indian Affairs within the Department of Administration, for North Carolina State-recognized tribes to assist in (i) recruiting foster parents, (ii) increasing the number of foster homes for children who are members of a North Carolina State-recognized tribe, and (iii) providing training for staff of county departments of social services to ensure culturally appropriate services for children who are members of a North Carolina State-recognized tribe.

EVERY WEEK COUNTS DEMONSTRATION PROJECT

SECTION 11E.12.(a) The General Assembly finds that preterm birth is the major driver of infant mortality in the United States and the leading cause of long-term neurological disabilities in children. It further finds that the counties in North Carolina with the highest infant mortality rates are multiply burdened by high rates of preterm birth and high rates of poverty and also tend to be counties that are also disproportionately composed of racial minorities. It is the intent of the General Assembly to reduce the incidence of preterm birth and infant mortality by funding and supporting for a period of at least three years a demonstration project in two counties of Perinatal Care Region V of North Carolina to study (i) the extent to which a home-based prenatal care model can reduce the rate of preterm birth among multiparous women and (ii) whether multiparous women without a prior preterm birth, but with multiple risk factors for preterm birth, may benefit from 17 Alpha-Hydroxyprogesterone Caproate (17P) therapy.

SECTION 11E.12.(b) To that end, funds in the amount of two million two hundred thousand dollars ($2,200,000) in nonrecurring funds from the federal Maternal and Child Health Block Grant funds referenced in Section 11L.1 of this act shall be allocated to the Department of Health and Human Services, Division of Public Health, for the 2017-2018 fiscal year and for the 2018-2019 fiscal year to conduct a demonstration project in Robeson and Columbus counties to do the following:

(1) Investigate the effectiveness of in-home prenatal care for the prevention of preterm birth among multiparous women of low income.

(2) Conduct a nested randomized controlled trial of 17P for preterm birth prevention among women without a prior preterm birth, but with a significant constellation of risk factors that increases their likelihood of having a preterm birth in the current pregnancy.
Multiparous women at or below one hundred eighty-five percent (185%) of the federal poverty level and primiparous women at or below two hundred percent (200%) of the federal poverty level, who are in the early stages of pregnancy, ideally prior to 17 weeks gestation, are eligible to participate in the demonstration project regardless of age or medical history. Faculty at the University of North Carolina at Chapel Hill shall supervise the demonstration project.

SECTION 11E.12.(c) The demonstration project shall consist of at least all of the following components:

1. An Every Week Counts enrollment visit that includes an early ultrasound assessment and a complete medical examination to ascertain baseline health characteristics, presence of reproductive tract infections, and other risk factors for preterm birth including reproductive history and other relevant factors. The enrollment visit shall also include a detailed interview to ascertain the social and psychological state of the program participant.

2. Women enrolled in Every Week Counts shall receive home visits during pregnancy that combine a home-based prenatal care model with social interventions focused on addressing barriers to completing educational goals, obtaining employment, identifying reliable and high-quality child care, and addressing the health and safety needs of the growing family.

3. Women enrolled in Every Week Counts shall receive home visits during the first two years of their child's life. Program participants and their infants will be followed until the child's second birthday. In these monthly visits, the child's health, growth, and development will be tracked; the mother will be provided with information on nutritional, health, and developmental needs; and children in need of Early Intervention Services will be identified to ensure school readiness. Primary health care in addition to targeted education in early childhood development and health needs will be provided to participants in a home setting. In order to track the development of these children, standardized tests will be administered periodically to assess cognitive, psychomotor, and behavioral development.

4. There shall be a randomized clinical trial of 17P within Every Week Counts in a population of women enriched for preterm birth susceptibility. Eligible women that choose to enroll in this intervention trial will be randomized to a weekly 17P injection after 16-20 weeks' gestation or a sham injection. Women who choose to participate in the 17P intervention trial will be co-enrolled in Every Week Counts and will receive all the same home-based prenatal care and child development services, but will receive weekly visits from the Nurse Practitioner after 16-20 weeks' gestation in order to deliver the 17P intramuscular injection.

SECTION 11E.12.(d) Not later than six months after the conclusion of the demonstration project, the University of North Carolina at Chapel Hill shall submit a final report on the demonstration project to the Department that addresses at least all of the following:

1. For the Every Week Counts part of the demonstration project:
   a. Percent preterm and low birth weight relative to overall county statistics in current and prior years using vital statistics data, within categories of race/ethnicity and parity.
   b. Percent initiating breastfeeding at delivery and the average duration of breastfeeding.
   c. Percent reporting active smoking at the time of delivery.
   d. Uptake of contraception postpartum.
e. Average length of interpregnancy interval.

f. Percent of children meeting developmental milestones in the first year.

g. Number of emergency room visits related to child health in the first two years.

(2) For the 17P Intervention Trial, relative risk of preterm birth in treated versus untreated program participants.

SECTION 11E.12.(e) Not later than three months after the Department receives the report due under subsection (d) of this section, the Department shall submit a final report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division evaluating the demonstration project. At a minimum, the report shall include all of the following:

(1) An estimate of the cost to expand the program incrementally and statewide.

(2) An estimate of any potential savings of State funds associated with expansion of the program.

(3) If expansion of the program is recommended, a time line for expanding the program.

SECTION 11E.12.(f) The demonstration project authorized under this section shall terminate upon the submission of the report due under subsection (d) of this section by the University of North Carolina at Chapel Hill.

SINGLE-STREAM FUNDING FOR MH/DD/SAS COMMUNITY SERVICES

SECTION 11F.2.(a) For the purpose of mitigating cash flow problems that many local management entities/managed care organizations (LME/MCOs) experience at the beginning of each fiscal year relative to single-stream funding, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS), shall distribute not less than one-twelfth of each LME/MCO's base budget allocation at the beginning of the fiscal year and subtract the amount of that distribution from the LME/MCO's total reimbursements for the fiscal year. For each month of the fiscal year after July, the DMH/DD/SAS shall distribute, on the third working day of the month, one-eleventh of the amount of each LME/MCO's single-stream allocation that remains after subtracting the amount of the distribution that was made to the LME/MCO in July of the fiscal year.

By March 1, 2018, the Secretary of Health and Human Services shall submit to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division a proposal for any adjustments to the specified recurring reductions among the LME/MCOs for future fiscal years. The proposal must include a detailed explanation supporting any proposed changes.

During each year of the 2017-2019 fiscal biennium, each LME/MCO shall offer at least the same level of service utilization as during the 2014-2015 fiscal year across the LME/MCO's catchment area. This requirement shall not be construed to require LME/MCOs to authorize or maintain the same level of services for any specific individual whose services were paid for with single-stream funding. Further, this requirement shall not be construed to create a private right of action for any person or entity against the State of North Carolina or the Department of Health and Human Services or any of its divisions, agents, or contractors and shall not be used as authority in any contested case brought pursuant to Chapter 108C or 108D of the General Statutes.

SECTION 11F.2.(c) The Department of Health and Human Services shall continue to use the monthly reporting package submitted by the LME/MCOs to the Department, as modified pursuant to Section 12F.2(c) of S.L. 2015-241, to include revenues and expenditures for the State funding sources for single-stream, intellectual and developmental disability, and substance abuse services on Schedule D2. Additionally, the Department shall continue to use appropriate schedules in the LME/MCO monthly reporting package, as modified pursuant to Section 12F.2(c) of S.L. 2015-241, to include unduplicated recipients and encounters in the same level of detail included in each D schedule for each source of funding for the reporting for
the current and previous year's month and year-to-date periods. The Department shall continue to submit these reports to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division by the third Monday of each month.

SECTION 11F.2.(d) If, on or after June 1, 2018, the Office of State Budget and Management (OSBM) certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for the 2017-2018 fiscal year, then the Department of Health and Human Services, Division of Medical Assistance (DMA), may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single-stream funding required by this section.

If, on or after June 1, 2019, the OSBM certifies a Medicaid budget surplus in funds 1310 and 1311 and sufficient cash in Budget Code 14445 to meet total obligations for fiscal year 2018-2019, then the DMA may transfer to the DMH/DD/SAS funds not to exceed the amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less, to offset the reduction in single-stream funding required by this section.

The DMH/DD/SAS shall allocate funds transferred pursuant to this subsection among the LME/MCOs based on the individual LME/MCO's percentage of nonrecurring reductions in single-stream funding for the fiscal year, as required by subsection (b) of this section. These funds shall be allocated as prescribed by June 30 of each State fiscal year.

SECTION 11F.2.(e) The Department of Health and Human Services shall develop a maintenance of effort (MOE) spending requirement for all mental health and substance abuse services which must be maintained using nonfederal, State appropriations on an annual basis in order to meet MOE requirements for federal block grant awards. LME/MCOs shall ensure the MOE spending requirement is met using State appropriations.

SECTION 11F.2.(f) Beginning July 1, 2017, and quarterly thereafter, the Secretary of Health and Human Services shall evaluate the financial position of each LME/MCO relative to the solvency standards to be developed by the Department and included in the statewide Strategic Plan for Behavioral Health Services pursuant to Section 12F.10(b)(4) of S.L. 2016-94 (approved solvency standards).

If, at any time, the Secretary determines an LME/MCO is at risk of failing financially in the ensuing two-year period, based on the approved solvency standards, the Secretary shall immediately meet with that LME/MCO for the purpose of evaluating the reasons for the LME/MCO's vulnerable financial position, including reasons attributable to trends in performance management and utilization of services. Within 30 days after meeting with an LME/MCO pursuant to this section, the Secretary shall submit a written report of its evaluation to the LME/MCO. By October 1, 2017, the Secretary shall submit an initial report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division on each LME/MCO determined to be at risk of failing financially, identifying the reasons for each LME/MCO's vulnerable financial position.

Within 45 days after receiving the Secretary's report, the LME/MCO shall develop and submit to the Secretary, in writing, a proposed plan of corrective action with specific initiatives and actions to be implemented by the LME/MCO in order to bring its financial position into compliance with the approved solvency standards, along with a projected time line for completing each identified initiative or action and a deadline for achieving full compliance with the approved solvency standards. At a minimum, the proposed plan of corrective action shall address (i) rates paid to the LME/MCO and its providers for services, contracts, and administrative costs; (ii) utilization of services; (iii) management of the operations of the LME/MCO; and (iv) financial risk to the State.

Within 14 days after receiving the LME/MCO's proposed plan of corrective action, the Secretary shall make any changes to the proposed plan of corrective action it deems necessary for the LME/MCO to bring its financial position into compliance with the approved
solvency standards and submit a final, Secretary-approved plan of corrective action to the LME/MCO, the Joint Legislative Oversight Committee on Health and Human Services, and the Fiscal Research Division.

The LME/MCO shall submit monthly reports to the Secretary on its progress under the final, Secretary-approved plan of corrective action. The Secretary shall submit monthly reports to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division evaluating the LME/MCO's progress under the final, Secretary-approved plan of corrective action, identifying any variance from the corrective plan of action that could be an obstacle to the LME/MCO achieving full compliance with the approved solvency standards by the deadline included in the final, Secretary-approved corrective plan of action.

The Department shall continue to implement a two-tiered system of payment for purchasing these local inpatient psychiatric beds or bed days based on acuity level with an enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels, as defined by the Department. The enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels shall not exceed the lowest average cost per patient bed day among the State psychiatric hospitals. In addition, at the discretion of the Secretary of Health and Human Services, existing funds allocated to LME/MCOs for community-based mental health, developmental disabilities, and substance abuse services may be used to purchase additional local inpatient psychiatric beds or bed days. Funds designated in this subsection for the purchase of local inpatient psychiatric beds or bed days shall not be used to supplant other funds appropriated or otherwise available to the Department for the purchase of inpatient psychiatric services through contracts with local hospitals.

SECTION 11F.3.(b) Distribution and Management of Beds or Bed Days. – Except as provided in this subsection, the Department shall work to ensure that any local inpatient psychiatric beds or bed days purchased in accordance with this section are utilized solely for individuals who are medically indigent, as defined in this subsection. In addition, the Department shall work to ensure that any local inpatient psychiatric beds or bed days purchased in accordance with this section are distributed across the State in LME/MCO catchment areas and according to need as determined by the Department. The Department shall ensure that beds or bed days for individuals with higher acuity levels are distributed across the State in LME catchment areas, including any catchment areas served by managed care organizations, and according to greatest need based on hospital bed utilization data. The Department shall enter into contracts with LME/MCOs and local hospitals for the management of these beds or bed days. The Department shall work to ensure that these contracts are awarded equitably around all regions of the State. LME/MCOs shall manage and control these local inpatient psychiatric beds or bed days, including the determination of the specific local hospital or State psychiatric hospital to which an individual should be admitted pursuant to an involuntary commitment order.

The Department may use up to ten percent (10%) of the funds allocated in this section for each year of the 2017-2019 fiscal biennium to pay for facility-based crisis services
and nonhospital detoxification services for individuals in need of these services, regardless if the individuals are medically indigent, defined as uninsured persons who (i) are financially unable to obtain private insurance coverage as determined by the Department and (ii) are not eligible for government-funded health coverage such as Medicare or Medicaid.

**SECTION 11F.3.(c)** Funds to Be Held in Statewide Reserve. – Funds appropriated to the Department for the purchase of local inpatient psychiatric beds or bed days shall not be allocated to LME/MCOs but shall be held in a statewide reserve at the Division of Mental Health, Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the LME/MCOs and billed by the hospitals through the LME/MCOs. LME/MCOs shall remit claims for payment to the Department within 15 working days after receipt of a clean claim from the hospital and shall pay the hospital within 30 working days after receipt of payment from the Department.

**SECTION 11F.3.(d)** Ineffective LME/MCO Management of Beds or Bed Days. – If the Department determines that (i) an LME/MCO is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not decreased, or (ii) the LME/MCO has failed to comply with the prompt payment provisions of subsection (c) of this section, the Department may contract with another LME/MCO to manage the beds or bed days or, notwithstanding any other provision of law to the contrary, may pay the hospital directly.

**SECTION 11F.3.(e)** Reporting by LME/MCOs. – The Department shall establish reporting requirements for LME/MCOs regarding the utilization of these beds or bed days.

**SECTION 11F.3.(f)** Reporting by Department. – By no later than December 1, 2018, and by no later than December 1, 2019, the Department shall report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division on all of the following:

1. A uniform system for beds or bed days purchased during the preceding fiscal year from (i) funds appropriated in this act that are designated for this purpose in subsection (a) of this section, (ii) existing State appropriations, and (iii) local funds.

2. An explanation of the process used by the Department to ensure that, except as otherwise provided in subsection (a) of this section, local inpatient psychiatric beds or bed days purchased in accordance with this section are utilized solely for individuals who are medically indigent, along with the number of medically indigent individuals served by the purchase of these beds or bed days.

3. The amount of funds used to pay for facility-based crisis services, along with the number of individuals who received these services and the outcomes for each individual.

PREPAYMENT CLAIMS REVIEW MODIFICATIONS

SECTION 11H.19.(a) G.S. 108C-7 reads as rewritten:
"§ 108C-7. Prepayment claims review.
(a) In order to ensure that claims presented by a provider for payment by the Department meet the requirements of federal and State laws and regulations and medical necessity criteria, a provider may be required to undergo prepayment claims review by the Department. Grounds for being placed on prepayment claims review shall include, but shall not be limited to, receipt by the Department of credible allegations of fraud, identification of aberrant billing practices as a result of investigations or investigations, data analysis performed by the Department, the failure of the provider to timely respond to a request for documentation made by the Department or one of its authorized representatives, or other grounds as defined by the Department in rule.
(b) Providers shall not be entitled to payment prior to claims review by the Department. The Department shall notify the provider in writing of the decision and the process for submitting claims for prepayment claims review no less than 20 calendar days prior to instituting prepayment claims review. The written notice shall be deposited, first-class postage prepaid, in the United States mail and addressed to the most recent address given by the provider to the Department. The prepayment claims review shall be instituted no less than 20 calendar days from the date of the mailing of written notification. The notice shall contain all of the following:

... (4) A specific list of all supporting documentation that the provider will need to submit contemporaneously with the claim to the prepayment review vendor for all claims that will be subject to the prepayment claims review.

... (d) The Department shall process all clean claims submitted for prepayment review within 20 calendar days of submission by the provider receipt of the supporting documentation for each claim by the prepayment review vendor. To be considered by the Department, the documentation submitted must be complete, legible, and clearly identify the provider to which the documentation applies. If the provider failed to provide any of the specifically requested supporting documentation necessary to process a claim pursuant to this section, the Department shall send to the provider written notification of the lacking or deficient documentation within 15 calendar days of receipt of such claim, the due date of requested supporting documentation. The Department shall have an additional 20 days to process a claim upon receipt of the documentation.
(e) The provider shall remain subject to the prepayment claims review process until the provider achieves three consecutive months with a minimum seventy percent (70%) clean claims rate, provided that the number of claims submitted per month is no less than fifty percent (50%) of the provider's average monthly submission of Medicaid claims for the three-month period prior to the provider's placement on prepayment review. If a provider does not submit any claims following placement on prepayment review in any given month, then the
claims accuracy rating shall be zero percent (0%) for each month in which no claims were submitted. If the provider does not meet this standard the seventy percent (70%) clean claims rate minimum requirement for three consecutive months within six months of being placed on prepayment claims review, the Department may implement sanctions, including termination of the applicable Medicaid Administrative Participation Agreement, or continuation of prepayment review for an additional six-month period. The Department shall give adequate advance notice of any modification, suspension, or termination of the Medicaid Administrative Participation Agreement. In no instance shall prepayment claims review continue longer than 12 months.

Prepayment claims review shall not continue longer than 24 consecutive months unless the Department has initiated the termination or other sanction of the provider and the provider has appealed that termination or sanction. If the Department has initiated the termination or other sanction of the provider and the provider has appealed that termination or sanction, then the provider shall remain on prepayment review until the final disposition of the Department's termination or other sanction of the provider.

(e1) Failure of a provider to meet the seventy percent (70%) clean claims rate minimum requirement may result in a termination action. A termination action taken shall reflect the failure of the provider to meet the seventy percent (70%) clean claims rate minimum requirement and shall result in exclusion of the provider from future participation in the Medicaid program. If a provider fails to meet the seventy percent (70%) clean claims rate minimum requirement and subsequently requests a voluntary termination, the termination shall reflect the provider's failure to successfully complete prepayment claims review and shall result in exclusion of the provider from future participation in the Medicaid program.

(e2) A provider shall not withhold claims to avoid the claims review process. Any claims for services provided during the period of prepayment review may still be subject to review prior to payment regardless of the date the claims are submitted and regardless of whether the provider has been taken off of prepayment review for any reason, including attaining a minimum of seventy percent (70%) clean claims rate for three consecutive months, the expiration of the 24-month time limit, or the termination of the provider.

(f) The decision to place or maintain a provider on prepayment claims review does not constitute a contested case under Chapter 150B of the General Statutes. A provider may not appeal or otherwise contest a decision of the Department to place or maintain a provider on prepayment review.

(g) If a provider elects to appeal the Department's decision to impose sanctions on the provider as a result of the prepayment review process to the Office of Administrative Hearings, then the provider shall have 45 days from the date that the appeal is filed to submit any documentation or records that address or challenge the findings of the prepayment review. The Department shall not review, and the administrative law judge shall not admit into evidence, any documentation or records submitted by the provider after the 45-day deadline. In order for a provider to meet its burden of proof under G.S. 108C-12(d) that a prior claim denial should be overturned, the provider must prove that (i) all required documentation was provided at the time the claim was submitted and was available for review by the prepayment review vendor and (ii) the claim should not have been denied at the time of the vendor's initial review."

SECTION 11H.19.(b) This section becomes effective October 1, 2017, and applies to providers who are placed on prepayment review on or after that date and written notices provided to providers on or after that date.

If Section 202(b) of the Bipartisan Budget Act of 2013, P.L. 113-67, takes effect on October 1, 2017, as provided in Section 202(c) of that act, as amended by Section 211 of the Protecting Access to Medicare Act of 2014, P.L. 113-93, and Section 220 of the Medicare Access and CHIP Reauthorization Act of 2015, P.L. 114-10, then G.S. 108A-57 reads as rewritten:

§ 108A-57. Subrogation rights; withholding of information a misdemeanor.
(a) As used in this section, the term "beneficiary" means (i) the beneficiary of medical assistance, including a minor beneficiary, (ii) the medical assistance beneficiary's parent, legal guardian, or personal representative, (iii) the medical assistance beneficiary's heirs, and (iv) the administrator or the executor of the medical assistance beneficiary's estate.

Notwithstanding any other provisions of the law, to the extent of payments under this Part, the State shall be subrogated to all rights of recovery, contractual or otherwise, of the beneficiary or the beneficiary's personal representative, heirs, or the administrator or executor of the estate, against any person. A personal injury or wrongful death claim brought by a medical assistance beneficiary against a third party shall include a claim for all medical assistance payments for health care items or services furnished to the medical assistance beneficiary as a result of the injury, hereinafter referred to as the "Medicaid claim." Any personal injury or wrongful death claim brought by a medical assistance beneficiary against a third party that does not state the Medicaid claim shall be deemed to include the Medicaid claim.

(a1) If the amount of the Medicaid claim does not exceed one-third of the medical assistance beneficiary's gross recovery, it is presumed that the gross recovery includes compensation for the full amount of the Medicaid claim. If the amount of the Medicaid claim exceeds one-third of the medical assistance beneficiary's gross recovery, it is presumed that one-third of the gross recovery represents compensation for the Medicaid claim. The Medicaid claim shall be a lien upon any recovery that a beneficiary obtains. The amount of the lien shall be equal to the total amount of the Medicaid claim but shall not exceed one-third of the gross amount of the recovery obtained.

If a beneficiary has claims against more than one third party related to the same injury, then the payment of the Medicaid lien on any individual recovery shall reduce the total balance of the Medicaid claim. The remaining balance of the Medicaid claim shall be applied as a lien on any subsequent recovery, provided that the lien on each recovery shall not exceed one-third of the gross amount of each recovery obtained.

(a2) A medical assistance beneficiary may dispute the presumptions established in subsection (a1) of this section by applying to the court in which the medical assistance beneficiary's claim against the third party is pending, or if there is none, then to a court of competent jurisdiction, for a determination of the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim. An application under this subsection shall be filed with the court and served on the Department pursuant to the Rules of Civil Procedure no later than 30 days after the date that the settlement agreement is executed by all parties and, if required, approved by the court, or in cases in which judgment has been entered, no later than 30 days after the date of entry of judgment. The court shall hold an evidentiary hearing no sooner than 30 days after the date the action was filed. All of the following shall apply to the court's determination under this subsection:

(1) The medical assistance beneficiary has the burden of proving by clear and convincing evidence that the portion of the beneficiary's gross recovery that represents compensation for the Medicaid claim is less than the portion presumed under subsection (a1) of this section.

(2) The presumption arising under subsection (a1) of this section is not rebutted solely by the fact that the medical assistance beneficiary was not able to recover the full amount of all claims.
(3) If the beneficiary meets its burden of rebutting the presumption arising under subsection (a1) of this section, then the court shall determine the portion of the recovery that represents compensation for the Medicaid claim and shall order the beneficiary to pay the amount so determined to the Department in accordance with subsection (a5) of this section. In making this determination, the court may consider any factors that it deems just and reasonable.

(4) If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the court shall order the beneficiary to pay the amount presumed pursuant to subsection (a1) of this section to the Department in accordance with subsection (a5) of this section.

(a3) Notwithstanding the presumption arising pursuant to subsection (a1) of this section, the medical assistance beneficiary and the Department may reach an agreement on the portion of the recovery that represents compensation for the Medicaid claim. If such an agreement is reached after an application has been filed pursuant to subsection (a2) of this section, a stipulation of dismissal of the application signed by both parties shall be filed with the court.

(a4) Within 30 days of receipt of the proceeds of a settlement or judgment related to a claim described in subsection (a) of this section, the medical assistance beneficiary or any attorney retained by the beneficiary shall notify the Department of the receipt of the proceeds.

(a5) The medical assistance beneficiary or any attorney retained by the beneficiary shall distribute to the Department the amount due pursuant to this section as follows: an amount sufficient to fully satisfy the Department's Medicaid lien as provided in subsection (a1) of this section. The Department's right to payment under this subsection shall be a right to first recovery and shall not be prorated with or otherwise reduced by the claims of any other persons or entities having medical subrogation or medical liens against the amount received or recovered by the beneficiary.

(1) If, upon the expiration of the time for filing an application pursuant to subsection (a2) of this section, no application has been filed, then the amount presumed pursuant to subsection (a1) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the beneficiary's receipt of the proceeds, in the absence of an agreement pursuant to subsection (a3) of this section.

(2) If an application has been filed pursuant to subsection (a2) of this section and no agreement has been reached pursuant to subsection (a3) of this section, then the Department shall be paid as follows:

a. If the beneficiary rebuts the presumption arising under subsection (a1) of this section, then the amount determined by the court pursuant to subsection (a2) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the entry of the court's order.

b. If the beneficiary fails to rebut the presumption arising under subsection (a1) of this section, then the amount presumed pursuant to subsection (a1) of this section, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the entry of the court's order.
(3) If an agreement has been reached pursuant to subsection (a3) of this section, then the agreed amount, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, shall be paid to the Department within 30 days of the execution of the agreement by the medical assistance beneficiary and the Department.

(a6) The United States and the State of North Carolina shall be entitled to shares in each net recovery by the Department under this section. Their shares shall be promptly paid under this section and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid to the recipient.

(b) It is a Class 1 misdemeanor for any person seeking or having obtained assistance under this Part, for himself or herself or another, to willfully fail to disclose to the county department of social services or its attorney and to the Department the identity of any person or organization against whom the recipient of assistance has a right of recovery, contractual or otherwise.

(c) This section applies to the administration of and claims payments made by the Department of Health and Human Services under the NC Health Choice Program established under Part 8 of this Article.

(d) As required to ensure compliance with this section, the Department may apply to the court in which the medical assistance beneficiary's claim against the third party is pending, or if there is none, then to a superior court of competent jurisdiction for enforcement of this section."

In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this section, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

a. Require that a juvenile be supervised in the juvenile's own home by the department of social services in the juvenile's county, a juvenile court counselor, or other personnel as may be available to the court, subject to conditions applicable to the parent, guardian, or custodian or the juvenile as the judge may specify; or

b. Place the juvenile in the custody of a parent, guardian, custodian, relative, private agency offering placement services, or some other suitable person; or

c. If the director of the county department of social services has received notice and an opportunity to be heard, place the juvenile in the custody of the department of social services in the county of his
residence, or in the case of a juvenile who has legal residence outside the State, in the physical custody of a department of social services in the county where the juvenile is found so that agency may return the juvenile to the responsible authorities in the juvenile's home state. An order placing a juvenile in the custody or placement responsibility of a county department of social services shall contain a finding that the juvenile's continuation in the juvenile's own home would be contrary to the juvenile's best interest. This placement shall be reviewed in accordance with G.S. 7B-906.1. The director may, unless otherwise ordered by the judge, arrange for, provide, or consent to, needed routine or emergency medical or surgical care or treatment. In the case where the parent is unknown, unavailable, or unable to act on behalf of the juvenile or juveniles, the director may, unless otherwise ordered by the judge, arrange for, provide, or consent to any psychiatric, psychological, educational, or other remedial evaluations or treatment for the juvenile placed by a judge or his designee in the custody or physical custody of a county department of social services under the authority of this or any other Chapter of the General Statutes. Prior to exercising this authority, the director shall make reasonable efforts to obtain consent from a parent, guardian, or custodian of the affected juvenile. If the director cannot obtain consent, the director shall promptly notify the parent, guardian, or custodian that care or treatment has been provided and shall give the parent, guardian, or custodian frequent status reports on the circumstances of the juvenile. Upon request of a parent, guardian, or custodian of the affected juvenile, the results or records of the aforementioned evaluations, findings, or treatment shall be made available to the parent, guardian, or custodian by the director unless prohibited by G.S. 122C-53(d).

(2) Excuse the juvenile under the age of 16 years from compliance with the compulsory school attendance law when the court finds that suitable alternative plans can be arranged by the family through other community resources for one of the following:

a. An education related to the needs or abilities of the juvenile including vocational education or special education;

b. A suitable plan of supervision or placement; or

c. Some other plan that the court finds to be in the best interests of the juvenile.

..."
(2b) For each prior conviction of a Class F through I felony or Class A1 misdemeanor offense, excluding conviction of the motor vehicle laws, 2 points.

(2c) For each prior misdemeanor conviction of impaired driving (G.S. 20-138.1), impaired driving in a commercial vehicle (G.S. 20-138.2), and misdemeanor death by vehicle (G.S. 20-141.4(a2)), 2 points.

(3) For each prior adjudication of a Class 1, 2, or 3 misdemeanor offense, 1 point.

(3a) For each prior conviction of a Class 1, 2, or 3 misdemeanor offense, excluding conviction for violation of the motor vehicle laws, 1 point.

(4) If the juvenile was on probation at the time of offense, 2 points.

No points shall be assigned for a prior adjudication that a juvenile is in direct contempt of court or indirect contempt of court.

(c) Delinquency History Levels. – The delinquency history levels are:

(1) Low – No more than 1 point.
(2) Medium – At least 2, but not more than 3 points.
(3) High – At least 4 points.

In determining the delinquency history level, the classification of a prior offense is the classification assigned to that offense at the time the juvenile committed the offense for which disposition is being ordered.

(d) Multiple Prior Adjudications or Convictions Obtained in One Court Session. – For purposes of determining the delinquency history level, if a juvenile is adjudicated delinquent or convicted for more than one offense in a single session of district court, court or more than one offense in a single superior court during one calendar week, only the adjudication or conviction for the offense with the highest point total is used.

(e) Classification of Prior Adjudications or Convictions From Other Jurisdictions. – Except as otherwise provided in this subsection, an adjudication or conviction occurring in a jurisdiction other than North Carolina is classified as a Class I felony if the jurisdiction in which the offense occurred classifies the offense as a felony, or is classified as a Class 3 misdemeanor if the jurisdiction in which the offense occurred classifies the offense as a misdemeanor. If the juvenile proves by the preponderance of the evidence that an offense classified as a felony in the other jurisdiction is substantially similar to an offense that is a misdemeanor in North Carolina, the adjudication or conviction is treated as that class of misdemeanor for assigning delinquency history level points. If the State proves by the preponderance of the evidence that an offense classified as either a misdemeanor or a felony in the other jurisdiction is substantially similar to an offense in North Carolina that is classified as a Class I felony or higher, the adjudication or conviction is treated as that class of felony for assigning delinquency history level points. If the State proves by the preponderance of the evidence that an offense classified as a misdemeanor in the other jurisdiction is substantially similar to an offense classified as a Class A1 misdemeanor in North Carolina, the adjudication or conviction is treated as a Class A1 misdemeanor for assigning delinquency history level points.

(f) Proof of Prior Adjudications, Adjudications or Convictions. – A prior adjudication or conviction shall be proved by any of the following methods:

(1) Stipulation of the parties.
(2) An original or copy of the court record of the prior adjudication or conviction.
(3) A copy of records maintained by the Department of Public Safety or by the Division.
(4) Any other method found by the court to be reliable.
The State bears the burden of proving, by a preponderance of the evidence, that a prior adjudication or conviction exists and that the juvenile before the court is the same person as the juvenile named in the prior adjudication or conviction. The original or a copy of the court records or a copy of the records maintained by the Department of Public Safety or of the Division, bearing the same name as that by which the juvenile is charged, is prima facie evidence that the juvenile named is the same person as the juvenile before the court, and that the facts set out in the record are true. For purposes of this subsection, "a copy" includes a paper writing containing a reproduction of a record maintained electronically on a computer or other data processing equipment, and a document produced by a facsimile machine. The prosecutor shall make all feasible efforts to obtain and present to the court the juvenile's full record. Evidence presented by either party at trial may be utilized to prove prior adjudications or convictions. If asked by the juvenile, the prosecutor shall furnish the juvenile's prior adjudications or convictions to the juvenile within a reasonable time sufficient to allow the juvenile to determine if the record available to the prosecutor is accurate."

SECTION 16D.4.(i) G.S. 7B-2513(a) reads as rewritten:
"(a) Pursuant to G.S. 7B-2506 and G.S. 7B-2508, the court may commit a delinquent juvenile who is at least 10 years of age to the Division for placement in a youth development center. Commitment shall be for an indefinite term of at least six months.

(a2) For an offense the juvenile committed while the juvenile was at least 16 years of age but less than 17 years of age, the term shall not exceed the juvenile's nineteenth birthday.

(a3) For an offense the juvenile committed while the juvenile was at least 17 years of age, the term shall not exceed the juvenile's twentieth birthday.

(a4) No juvenile shall be committed to a youth development center beyond the minimum six-month commitment for a period of time in excess of the maximum term of imprisonment for which an adult in prior record level VI for felonies or in prior conviction level III for misdemeanors could be sentenced for the same offense, except when the Division pursuant to G.S. 7B-2515 determines that the juvenile's commitment needs to be continued for an additional period of time to continue care or treatment under the plan of care or treatment developed under subsection (f) of this section. At the time of commitment to a youth development center, the court shall determine the maximum period of time the juvenile may remain committed before a determination must be made by the Division pursuant to G.S. 7B-2515 and shall notify the juvenile of that determination."

If the Division does not intend to release the juvenile prior to the juvenile's eighteenth birthday, or if the Division determines that the juvenile's commitment should be continued beyond the maximum commitment period as set forth in G.S. 7B-2513(a), G.S. 7B-2513(a4), the Division shall notify the juvenile and the juvenile's parent, guardian, or custodian in writing at least 30 days in advance of the juvenile's eighteenth birthday or the end of the maximum commitment period, of the additional specific commitment period proposed by the Division, the basis for extending the commitment period, and the plan for future care or treatment.

If appropriate, the Division may place the juvenile in a setting other than a youth development center.

(c) The juvenile and the juvenile's parent, guardian, or custodian may request a review by the court of the Division's decision to extend the juvenile's commitment beyond the juvenile's eighteenth birthday or maximum commitment period, pursuant to this section, in which case the court shall conduct a review hearing. The court may modify the Division's decision and the juvenile's maximum commitment period. If the juvenile or the juvenile's parent, guardian, or custodian does not request a review of the Division's decision, the Division's decision shall become the juvenile's new maximum commitment period.

SECTION 34.4A.(a) G.S. 136-11.1 reads as rewritten:

"§ 136-11.1. Local Prior consultation on transportation projects.\n
Prior to any action of the Board on a transportation project, the Department shall inform all municipalities and counties, and utility providers affected by a planned transportation project and request each affected municipality or county to submit within 45 days a written resolution expressing their views on the project. A municipality or county may designate a Transportation Advisory Committee to submit its response to the Department's request for a resolution. Upon receipt of a written resolution from all affected municipalities and counties or their designees, or the expiration of the 45-day period, whichever occurs first, the Board may take action. The Department and the Board shall consider, but shall not be bound by, the views of the affected municipalities and counties or their designees on each transportation project. The failure of a county or municipality or affected party to express its views within the time provided shall not prevent the Department or the Board from taking action. The Department shall not be required to send notice under this section if it has already received a written resolution from the affected county or municipality on the planned transportation project. "Action of the Board", as used in this section, means approval by the Board of: the Transportation Improvement Program and amendments to the Transportation Improvement Program; the Secondary Roads Paving Program and amendments to the Secondary Roads Paving Program; and individual applications for access and public service road projects, contingency projects, small urban projects, and spot safety projects that exceed two hundred fifty thousand dollars ($250,000). The 45-day notification provision may be waived upon a finding by the Secretary of Transportation that emergency action is required. Such findings must be reported to the Joint Legislative Transportation Oversight Committee."

SECTION 34.4A.(b) This section is effective when it becomes law and applies to transportation projects planned on or after that date.

DOT PROPERTY ACQUISITIONS/APPRaisal WAVER VALUATION

SECTION 34.5.(a) Article 2 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"§ 136-19.6. Appraisal waiver valuation.\n
(a) Intent. – It is the intent of the General Assembly to provide the Department of Transportation with the resources and flexibility necessary to accelerate the time in which projects are completed while maintaining fairness to affected property owners and other citizens of this State. It is the belief of the General Assembly that providing the Department with the flexibility allowed under subsection (b) of this section will help toward achieving this intent. Therefore, the Department is encouraged to utilize the flexibility provided in subsection (b) of this section for all acquisitions of land in which the value of the acquisition is estimated at ten thousand dollars ($10,000) or less.

(b) Permissive Exception to Appraisal. – When the Department acquires land, and except as otherwise required by federal law, an appraisal is not required if the Department determines that the anticipated value of the proposed acquisition is estimated at forty thousand dollars ($40,000) or less, based on a review of data available to the Department at the time the Department begins the acquisition process. If the Department determines that an appraisal is unnecessary, the Department may prepare an appraisal waiver valuation instead of an appraisal. The Department may contract with a qualified third party to prepare an appraisal waiver
valuation. Any person performing an appraisal waiver valuation must have a sufficient understanding of the local real estate market to be qualified to perform the appraisal waiver valuation.

(c) Construction. – Nothing in subsection (b) of this section shall be construed as superseding or altering any provision of federal law requiring the Department to obtain an appraisal of a property the Department is attempting to acquire."

SECTION 34.5.(b) G.S. 146-22.2 reads as rewritten:

"§ 146-22.2. Appraisal of property to be acquired by State.

(a) Except as otherwise provided in G.S. 136-19.6, where an appraisal of real estate or an interest in real estate is required by law to be made before acquisition of the property by the State or an agency of the State, the appraisal shall be made by a real estate appraiser licensed or certified by the State under Article 5 of Chapter 93A of the General Statutes.

(b) The provisions of subsection (a) of this section shall not apply to appraisals of real estate or an interest in real estate made by personnel within the Department of Transportation when the appraisal is anticipated to be less than ten thousand dollars ($10,000). In the event that the real estate or interest in real estate is in fact appraised at ten thousand dollars ($10,000) or more, the Department of Transportation must comply with the provisions of subsection (a) of this section."

SECTION 34.5.(c) The Department of Transportation, in consultation with the North Carolina Appraisal Board, the North Carolina Chapter of the Appraisal Institute, and the North Carolina Association of Realtors, shall develop a process for performing appraisal waiver valuations authorized under G.S. 136-19.6, as enacted by subsection (a) of this section. By December 31, 2017, the Department shall submit a report to the Joint Legislative Transportation Oversight Committee on the development of the appraisal waiver valuation process. The report required under this subsection shall include an explanation of how the appraisal waiver valuation process developed by the Department conforms with the provisions of Chapter 93E of the General Statutes.

SECTION 34.5.(d) Subsections (a) and (b) of this section become effective May 15, 2018, and apply to acquisitions on or after that date. The remainder of this section is effective when it becomes law.

Department's ability to construct the project by significantly increasing future right-of-way costs, relocations, and disruption of persons and businesses in the planned transportation project area.

(3) Undue hardship. – Occurs when a planned transportation project area established by the Department causes a property owner remaining on a property located within the planned transportation project area to experience a hardship based on health, safety, or financial reasons beyond what is experienced by other property owners within the planned transportation project area and the property owner is unable to sell the property at fair market value within a time period that is typical for properties not impacted by the planned project.

(2) The Department determines it is in the best interest of the public to acquire the right-of-way (i) as a protective purchase or (ii) to remove an undue hardship.

(3) For Turnpike projects only, a Record of Decision or a Finding of No Significant Impact must have been issued.

(d) Fees and Interest. – Except for Turnpike projects, the Department shall not charge fees or interest on funds advanced pursuant to subsection (c) of this section. For Turnpike projects, the Department shall condition the advancement of funds pursuant to subsection (c) of this section on the establishment of any security and the payment of any fees and interest rates the Department may deem necessary.

(e) Repayment. – Funds advanced pursuant to subsection (c) of this section, including any fees or interest, shall be repaid in the first year the project utilizing the acquired right-of-way is programmed for right-of-way in the State Transportation Improvement Program.

(f) Remaining Credit Reserve. – The Director of the Budget shall allocate any portion of the credit reserve in the Highway Trust Fund not used in accordance with subdivision (1) of subsection (b) of this section to the Strategic Transportation Investments fund in the Highway Trust Fund. In calculating the amount of funds obligated, the Secretary shall include any amount used as repayment for funds advanced pursuant to G.S. 136-186. In the first variance calculation under this subdivision following the end of fiscal year 2015-2016, the target amounts obtained according to the Formula set forth in this section shall be adjusted to account for any differences between allocations and obligations reported for the previous year. In the first variance calculation under this subdivision following the end of fiscal year 2016-2017, the target amounts obtained according to the Formula set forth in this section shall be adjusted to account for any differences between allocations and obligations reported for the previous two fiscal years. Further, the General Assembly encourages each Highway Division to increase its outsourcing of preconstruction activities to private contractors to sixty percent (60%) of the total cost of preconstruction activities performed by the Highway Division, with the belief that increased outsourcing will also assist in achieving this intent. Therefore, in order to assess the results from shifting project control and increasing the use of outsourcing, and to determine what adjustments may be necessary to improve upon the results, the General Assembly finds that reports are necessary to collect baseline data to establish appropriate targets.

(b) Outsourcing Report. – For each Highway Division, the Department shall provide a detailed biannual report on all payments made to private contractors for preconstruction activities. In order to compare internal costs incurred with payments made to private contractors, and except as otherwise provided in this subsection, the Department shall include project-specific expenses incurred by division, regional, or central staff.    a. Planning a design in progress.
   b. Right-of-way acquisition in progress.
   c. Project let for construction.
   d. Construction substantially complete and traffic using facility.

(3) For each project, and as applicable, the report shall include an indication and explanation for project stages that are delayed during the period covered by the report and the delay has been for more than one year.

(4) For each project, the report shall include the planned and actual completion date for any required environmental documentation.

(5) The Department shall submit the report required under this subsection to the Joint Legislative Transportation Oversight Committee by March 1 of each year.

(d) Combined Report. – The Department may combine the reports required to be submitted by March 1 under subsections (b) and (c) of this section into a single report.

(e) Consultation Required. – If a Highway Division fails to meet the established preconstruction outsourcing target in two consecutive reports submitted under subsection (b) of this section, or if a report submitted under subsection (c) of this section identifies a Highway Division as having three or more project stages delayed for more than one year, the Division Engineer of the Highway Division identified in the report shall consult with the Joint Legislative Transportation Oversight Committee. The Division Engineer shall submit a request for consultation to (i) all members of the Committee, (ii) the chairs of the House of Representatives Appropriations Committee on Transportation if the General Assembly is in session at the time consultation is required under this subsection, (iii) the chairs of the Senate Appropriations Committee on the Department of Transportation if the General Assembly is in session at the time consultation is required under this subsection, and (iv) the Fiscal Research Division of the General Assembly. The request for consultation shall consist of a written report providing an explanation for the failure or delay and a plan for remedying the failure or delay. If the Committee does not hold a meeting to hear the consultation required by this subsection within 90 days after the consultation request has been submitted, the consultation requirement is satisfied."

performed by Highway Division personnel, the Board shall identify, for each of the three fiscal years immediately preceding the effective date of this section, (i) the number of times a fee was charged for a service performed and (ii) the number of times a fee could have been charged for a service performed. The study shall identify the service performed, the amount of the fee that was or could have been charged, the cost incurred by the Department of Transportation from performing the service, and, if applicable, the reason for not charging the fee.

As appropriate, the program design shall be modified by rules adopted by the Department that are consistent with findings made in the Study and in subsequent studies conducted in accordance with subsection (b) of this section. As part of this program, the Department shall review its budget and establish aspirational goals every three years, not a mandatory goal, in percentages, the form of a percentage, for the overall participation in contracts by disadvantaged minority-owned and women-owned businesses. These aspirational goals for disadvantaged minority-owned and women-owned businesses shall be established consistent with federal methodology, methodology and they shall not be applied rigidly on specific contracts or projects. Instead, the Department shall establish contract-specific goals or project-specific goals for the participation of such firms in a manner consistent with availability of disadvantaged minority-owned and women-owned businesses, as appropriately defined by its most recent Study. Nothing in this section shall authorize the use of quotas. Any program implemented as a result of the Study conducted in accordance with this section shall be narrowly tailored to eliminate the effects of historical and continuing discrimination and its impacts on such disadvantaged minority-owned and women-owned businesses without any undue burden on other contractors. The Department shall give equal opportunity for contracts it lets without regard to race, religion, color, creed, national origin, sex, age, or handicapping condition, as defined in G.S. 168A-3, to all contractors and businesses otherwise qualified.

 …
(e) This section expires August 31, 2017-2022."

SECTION 34.15.(b) The Department of Transportation shall develop a plan to establish and implement the combined goal required under subsection (a) of this section. (1) Responsiveness. – The Department shall structure the Program to gather citizen input and shall commit to quickly addressing structural problems and other road hazards on State-maintained roads. Citizens may report potholes, drainage issues, culvert blockages, guardrail repairs, damaged or missing signs, malfunctioning traffic lights, highway debris, or shoulder damage to the Department of Transportation by calling a toll-free telephone number designated by the Department or submitting an online work request through a Web site link designated by the Department. Beginning January 1, 2016, upon receiving a citizen report in accordance with this subdivision, the Department shall either address the reported problem or identify a solution to the reported problem. Excluding potholes, which shall be repaired within two business days of the date the report is received, the Department of Transportation shall properly address (i) safety-related citizen reports no later than 10 business days after the date the report is received and (ii) non-safety-related citizen reports no later than 15 business days after the date the report is received. The Department shall determine, in its discretion, whether a citizen report is safety-related or non-safety-related. The Department shall transmit information received about potholes or other problems on roads not maintained by the State to the appropriate locality within two business days of receiving the citizen report. The Department shall provide a monthly report to all of the following on the number of citizen reports received under this subdivision for the month immediately preceding the monthly report, the number of citizen reports fully addressed within the time frames set forth in this subdivision for the month immediately preceding the monthly report, the number of citizen reports addressed outside of the time frames set forth in this subdivision for the month immediately preceding the monthly report, and the number of citizen reports not fully addressed for the month immediately preceding the report:

By December 1, 2015, the Department shall establish a baseline unit pricing structure for transportation goods used
in highway maintenance and construction projects and set annual targets for three years based on its unit pricing. In forming the baseline unit prices and future targets, the Department shall collect data from each Highway Division on its expenditures on transportation goods during the 2015-2016 fiscal year. Beginning January 1, 2016, no Highway Division shall exceed a ten percent (10%) variance over a baseline unit price set for that year in accordance with this subdivision. The Department of Transportation shall institute quarterly tracking to monitor pricing variances. The ten percent (10%) maximum variance set under this subdivision is intended to account for regional differences requiring varying product mixes. If a Highway Division exceeds the unit pricing threshold, the Department shall report to the Joint Legislative Transportation Oversight Committee, the Fiscal Research Division of the General Assembly, the chairs of the House of Representatives Appropriations Committee on Transportation, and the chairs of the Senate Appropriations Committee on the Department of Transportation no later than the fifteenth day following the end of the quarter on why the variance occurred and what steps are being taken to bring the Highway Division back into compliance. In order to drive savings, unit pricing may be reduced annually as efficiencies are achieved.

Salary paid to an eligible person pursuant to this Article shall cease upon the resumption of the person's regularly assigned duties; assignment of duties which comply with the treating physician's restrictions; or retirement, resignation, or death, whichever first occurs, except that occurs; provided that salary payments will be ceased or may be equitably reduced when the employee has returned to work for the same or a different employer. Carolina Industrial Commission. The finding of the secretary or other department head shall be
final unless the claimant, within 30 days of receipt of the notice, files a request for a hearing
with the North Carolina Industrial Commission using a form required by the Commission.
Upon the filing of a request, the North Carolina Industrial Commission shall proceed to hear
the matter in accordance with its regularly established procedure for hearing claims filed under
the Worker's Compensation Act, and shall report its findings to the secretary or other head of
the department. From the decision of the North Carolina Industrial Commission, an appeal shall
lie as in other matters heard and determined by the Commission. Any person who refuses to
perform any duties to which the person may be properly assigned as a result of the finding of
the secretary, other head of the department or of the North Carolina Industrial Commission
shall be entitled to no benefits pursuant to this Article as long as the refusal continues. A duty is
properly assigned if the duty complies with the authorized treating physician's restrictions. Any
eligible person whose salary continuation benefits are terminated by the secretary or other
head of the department shall be immediately entitled to benefits under G.S. 97-29 or G.S. 97-30.

4. The date that work on each project was completed or is expected to be completed.
5. The actual cost of the project.

The semiannual reports also shall show those projects advanced in schedule, those projects delayed in schedule, and an estimate of the amount of funds expected to revert to the General Fund.

**SECTION 36.3.(e)** Of the funds allocated for State-Local Projects in this section, the Department shall allocate the sum of five hundred thousand dollars ($500,000) for the 2017-2018 fiscal year to be used for Phase III of the Joseph McDowell Historical Catawba Greenway restoration project.

**SECTION 36.3.(f)** Of the funds allocated for State-Local Projects in this section, the Department shall allocate the sum of five hundred thousand dollars ($500,000) for the 2017-2018 fiscal year to be used for Phase VI-2 of the Ararat River Greenway and Stream Restoration project.

**SECTION 36.3.(g)** Section 37.2(e) of S.L. 2016-94 reads as rewritten:

"**SECTION 37.2.(e)** Notwithstanding any provision of law to the contrary, funds appropriated for a water resources development project shall be used to provide no more than fifty percent (50%) of the nonfederal portion of funds for the project. This subsection applies to funds appropriated in this act and to funds appropriated prior to the 2015-2017 fiscal biennium that are unencumbered and proposed for reallocation to provide the nonfederal portion of funds for water resources development projects. The limitation on fund usage contained in this subsection applies only to projects in which a local government or local governments participate. This subsection shall not apply to, and there shall be no local match required for, any of the following, notwithstanding any other provision of law:

1. The Environmental Quality Incentives Program. Furthermore, Section 36.3(e) of S.L. 2013-360, Section 36.2(e) of S.L. 2014-100, and Section 31.3(e) of S.L. 2015-241 shall not apply to funds made available as part of the Environmental Quality Incentives Program in any fiscal year. Any remaining balance of funds appropriated prior to the 2015-2017 fiscal biennium for Environmental Quality Incentives Program projects shall be paid out to each of the original grantees for the full grant award amount, except that the Secretary may retain ten percent (10%) of the State share of funding until the Natural Resources Conservation Service of the United States Department of Agriculture has provided a final practice approval for the project.

..."

**SECTION 36.3.(h)** G.S. 143-215.72 is amended by adding two new subsections to read:

"(c) When the Secretary issues new or revised policies for review of grant applications and fund disbursement under this Part, those policies shall not apply to a project already approved for funding unless the project applicant agrees to the new or revised policy. For purposes of this section, a project is approved for funding when the Department enters into a contract or other binding agreement to provide any share of State funding for the project. Nothing in this subsection is intended to preclude the Secretary from issuing or enforcing policies applicable to projects approved for funding in order to comply with a requirement of State law or federal law or regulations."
(d) The following procedures apply only to grants for the purpose set forth in G.S. 143-215.71(8):

1. A nongovernmental entity managing, administering, or executing the grant on behalf of a unit of local government may apply as a co-applicant for the grant and may be included as a responsible party on any required resolution issued by the unit of local government.

2. The Department may make periodic payments for its share of nonfederal costs of a project prior to receipt of a final practice approval from the Natural Resources Conservation Service if the grantee has submitted a certified reimbursement request or invoice."

SECTION 36.3.(i) G.S. 143-215.72(d), as enacted by subsection (h) of this section, becomes effective July 1, 2017, and applies to projects approved for funding on or after that date.

b1. To certify that a statement of needs pursuant to G.S. 143C-3-3, other than for a project of The University of North Carolina for which advance planning has not been completed, is feasible. For purposes of this sub-subdivision, "feasible" means that the proposed project is
sufficiently defined in overall scope; building program; site
development; detailed design, construction, and equipment budgets;
and comprehensive project scheduling so as to reasonably ensure that
it may be completed with the amount of funds requested. At the
discretion of the General Assembly, advanced planning funds may be
appropriated in support of this certification. This sub-subdivision
shall not apply to requests for appropriations of less than one
hundred thousand dollars ($100,000).

renovation of all State buildings and all community college buildings
whose plans and specifications must be examined and approved
under a.2. of this subdivision.
d. To supervise and inspect all work done and materials used in the
construction or renovation of all State buildings and all community
college buildings whose plans and specifications must be examined
and approved under a.2. of this subdivision; to act as the appropriate

116-31.11, G.S. 116-31.11 or (ii) the North Carolina Zoological Park Council
and the Department of Natural and Cultural Resources, with respect to
projects at the North Carolina Zoological Park pursuant to

SECTION 38.8.(e) Sales of mill machinery to manufacturers and certain industrial processors have historically enjoyed preferential tax treatment, whether in the form of a reduced wholesale tax, a preferential rate of sales and use tax, or a one-percent (1%) privilege tax with an eighty-dollar ($80.00) cap per article. Despite the nature of the tax, the operational language has remained virtually unchanged for over 60 years and lacks clear guidance with regard to its application. Specifically, Article 5F of Chapter 105 of the General Statutes, and its predecessors, did not define "manufacturing industry or plant" or "mill machinery." This lack of guidance has resulted in a substantial body of administrative interpretation being developed over the years by the Department of Revenue. These interpretations are not included in the statutes and may not necessarily comport with the traditional definition of manufacturing, but they may be consistent with the General Assembly's intent to provide preferential tax treatment to certain industrial equipment.

This act repeals the one-percent (1%) privilege tax on mill machinery and mill machinery parts and accessories and substitutes a sales and use tax exemption for the items. However, the General Assembly recognizes that, once this transition has occurred, efforts need
to be made to provide more guidance and specificity to taxpayers and the Department of Revenue with respect to the treatment of manufacturing and industrial processing equipment. Therefore, the Revenue Laws Study Committee is directed to study ways in which to clarify the scope of the sales and use tax exemption for mill machinery, as enacted by this act, by modernizing and further defining the statutory language and by incorporating existing administrative interpretations of the Department of Revenue, to the extent the General Assembly desires to maintain those interpretations.

The Committee may report its findings, together with any recommended legislation, to the 2018 Regular Session of the 2017 General Assembly upon its convening. The study may include an examination of the following:

1. The criteria that had to be met under prior law to qualify for the preferential rate under Article 5F of Chapter 105 of the General Statutes and whether that criteria should be incorporated into or otherwise clarified in the corresponding sales and use tax exemption, as enacted by this act, including the following:
   a. What constitutes an eligible manufacturer or industrial processor.
   b. The extent to which a business's activities must consist of manufacturing or processing items for sale in order for the sales and use tax exemption, as enacted by this act, to apply.
   c. The types of activities that qualify as manufacturing or industrial processing.
   d. The types of machinery, parts, accessories, and other supplies that are eligible for the exemption and the degree to which they must be used in that process to qualify.

2. A review of the Department's administrative interpretations of the mill machinery statute, in all its forms, and whether and how to incorporate those interpretations into the statutes.

3. Terminology used by surrounding states in their statutory provisions that provide a sales and use tax exemption for manufacturing equipment.

4. Any other issues the Committee deems relevant.

SECTION 38.8.(f) Subsections (a), (b), (c), and (d) of this section become effective July 1, 2018, and apply to sales made on or after that date. The remainder of this section is effective when it becomes law.

SALES TAX EXEMPTION FOR FULFILLMENT FACILITIES

SECTION 38.9.(a) G.S. 105-164.3 is amended by adding a new subdivision to read:

   a. The facility is used primarily for receiving, inventorying, sorting, repackaging, and distributing finished retail products for the purpose of fulfilling customer orders.
   b. The Secretary of Commerce has certified that an investment of private funds of at least one hundred million dollars ($100,000,000) has been or will be made in real and tangible personal property for the facility within five years after the date on which the first property investment is made and that the facility will achieve an employment level of at least 400 within five years after the date the facility is placed into service and maintain that minimum level of employment throughout its operation."
SECTION 38.9.(b)  G.S. 105-164.13 is amended by adding a new subdivision to read:

"(5o) Sales of equipment, or an accessory, an attachment, or a repair part for equipment, that meets all of the following requirements:
   a. Is sold to a large fulfillment facility.
   b. Is used at the facility in the distribution process, which includes receiving, inventorying, sorting, repackaging, or distributing finished retail products.
   c. Is not electricity.

If the level of investment or employment required by G.S. 105-164.3(16f)b. is not timely made, achieved, or maintained, then the exemption provided under this subdivision is forfeited. If the exemption is forfeited due to a failure to timely make the required investment or to timely achieve the minimum required employment level, then the exemption provided under this subdivision is forfeited on all purchases. If the exemption is forfeited due to a failure to maintain the minimum required employment level once that level has been achieved, then the exemption provided under this subdivision is forfeited for those purchases occurring on or after the date the taxpayer fails to maintain the minimum required employment level. A taxpayer that forfeits an exemption under this subdivision is liable for all past sales and use taxes avoided as a result of the forfeiture, computed at the applicable State and local rates from the date the taxes would otherwise have been due, plus interest at the rate established under G.S. 105-241.21. Interest is computed from the date the sales or use tax would otherwise have been due. The past taxes and interest are due 30 days after the date of forfeiture. A taxpayer that fails to pay the past taxes and interest by the due date is subject to the provisions of G.S. 105-236."

SECTION 38.9.(c)  This section becomes effective July 1, 2017, and applies to sales made on or after that date.

Liability incurred indirectly by the owner for sales and use taxes on these items is considered tax paid by the owner."

SECTION 38.9A.(b)  This section becomes effective July 1, 2017, and applies to purchases made on or after that date.

RENEWABLE ENERGY TAX CREDIT EXTENSION

SECTION 38.13.  G.S. 105-129.16A reads as rewritten:

... (f) Delayed Sunset. – This section is repealed effective for renewable energy property placed in service on or after January 1, 2017, January 1, 2017, except as provided in subsection (f1) of this section.

An application and payment must be filed with the Secretary on or before October 1, 2015. The application must include the location of the project, an estimate of the total cost of the project, the total anticipated credit to be claimed, and the total size in megawatt capacity of each project proposed or under construction. The nonrefundable fee to be paid with the application is one thousand dollars ($1,000) per megawatt of capacity, with a minimum fee of five thousand dollars ($5,000).

A taxpayer must provide the documentation required under this subsection to the Department on or before March 1, 2016, to verify that the taxpayer meets the minimum percentage of incurred costs and partial construction required to be eligible for the sunset extension:

1. A written certification signed by the taxpayer that, prior to January 1, 2016, at least the minimum percentage of the physical construction of the project was completed and that at least the minimum percentage of the total cost of the project was incurred.
2. A notarized copy of a written report prepared by an independent engineer duly licensed in the State of North Carolina with expertise in the design and construction of installations of renewable energy property stating that at least the minimum percentage of the physical construction of the project was completed prior to January 1, 2016.
