Background – Local Law Enforcement Information Sharing Initiative

- ✿ CJIN Report – September 2010
- ✿ Status of Local Information Sharing - Page 7
- ✿ Approximately 482 out of 569 LE Agencies have RMS
- ✿ These Agencies serve an excess of 99% of our NC Population
- ✿ The top three RMS Vendors serve over 95% of the LE Agencies
- ✿ These top three Vendors are all located in NC

Plan - RMS Vendor Meetings & Presentations

- ✿ Meet Individually with the RMS Vendors
- ✿ Solicit Input & Discuss Technology Options
- ✿ Determine if the Vendors were Receptive to Maintaining Interfaces to other Systems as part of their Core Suite of Products
- ✿ Determine the possibility of Utilizing an existing Federal Standard for specific Information Exchange
- ✿ Select a Federal or State Repository for the Collection of Information as the destination for the RMS Information

Local Law Enforcement Information Sharing Initiative

Benefits – Local Law Enforcement Information Sharing Initiative

- System Inter-Connections will be Sustainable Because Vendors will include these Connections in their Core Suite of Products
- Potential Savings or Cost Avoidance will be in the Tens of Millions of Dollars
- Exchange Standard will be a Recognized and Acceptable Industry Standard that all Vendors have agreed to Use
- Federal Repository, FBI's National Data Exchange, has Operational Crime Fighting Analytical Tools
- NC will be the first State to implement such an Initiative
- Law Enforcement and Vendors have voiced Enthusiastic Support

Recommendations – Local Law Enforcement Information Sharing Initiative

- ✿ Adopt a Specific Data Standard to be used by RMS Vendors
- ✿ Allow the Local Law Enforcement Agencies and the Regional Systems to Inter-connect to the FBI immediately
- ✿ Request that each RMS Vendor select one of their NC Law Enforcement Agencies and implement an Operational Data Standard as a proof of concept
- ✿ Redirect the routing of information to the SBI when a state repository is fully operational
- ✿ Identify other Candidates that would benefit by adopting Data Exchange Standards
